“ Breck was married to my niece Amanda, I pray for his soul. But he did his family wrong, he did not support or see his son for several years. He abused and abandon Amanda and did not support her either. He should have been dishonorably discharged from the Air Force. I pray for Amanda and Gavin. She was still his wife and she is not getting any respect at all here. She put up with a lot from him, trying to make their marriage work. And he did nothing. I pray for Amanda and Gavin, they are the ones that are truly hurting over this. May God Bless you Amanda and Gavin.

“ I was Breck's cousin, Cindy. I'm sorry to say that we lost contact when he joined the Air Force and when both of his parents passed away. Little did I know that Breck was living so close to me. I was shocked yesterday beyond belief when my husband brought the paper in and ask me if that was Breck. Needless to say, I am still in shock and have so many questions. When his father died, I tried to contact Breck, but they told me that he didn't attend. I am trying to contact anyone who can tell me what happened to my cousin. We had a lot of good childhood memories when we were small, but after we both grew up we didn't have much to do with our family and I think that as time went on, we just lost touch. I remember Christmas's with him as well as other holidays. I remember when my daughter, Alecia, made the Golden Girl line at Oxford High School, she received a great big spray of flowers with balloons to congratulate her. I'm sitting here today typing this in hopes that I can find out anything about his passing and to say to Yevett that I am so sorry for your loss. Also to Amanda and Gavin. I hope that someone will reach out to me. Thank you.

“ We were stationed with Breck before he was Courtmartialed. I am so sorry for all that has befallen him and I will keep his son in my prayers.

“ Thank you, Dr. Pruett-Patchett. Your friendship with Billy and Mia got me out of the house when I knew NOTHING about military life. Remember your having to give me verbal instructions and when I showed you the book we both had a chuckle. Or maybe four. I still had it for some reason. We laughed at it really hard and then threw it in the trash.

“ I have many good memories of Breck, but the ones most prominent are those of seeing how happy he was when I would see him with Yevett. My prayer is that Yevett will now receive that special peace that surpasses human understanding.

“ Breck was such a sweet person and good friend in high school!! I'm so sorry he's passed on, but he's with his Heavenly Father, and we can rejoice knowing that and bring comfort to his family and friends
