“ You will always be mine and Bentley's best friend. I dont know how I'm gonna get through life without you pawpaw. It's gonna be hard but I know I've got an amazing man watching over me. You've been giving signs since the moment you passed that your with me still. My world has fell apart but I know you, Uncle Fred and God will help through the hard times and get me back strong again. I'd give anything to be able to still have you here with us. I'll never forget June 2018 you helped me work on my truck and that was the last time we got to work on anything together I promise I'll teach Bentley how to do that stuff like you taught me. This has been the hardest birthday without you here. I just need you back home with us but I know your everywhere I go now. I love you and I miss you so bad pawpaw.

-Auburn

I love you pawpaw

-Bentley

“ I have many memories of my father-in-law, I wished we could have had more time to make more. We all went to trade day's then the time I went fishing with him and his brother Fred we had the time of our life. The BBQ's, Thanksgiving, and Christmas were his favorite times being with his family. He always checked the radio in every vehicle before he bought it to make sure it sounded good. Seeing my daughter Auburn running behind him when she was little because she was Paw Paws baby. Watching him light bottle rockets for his dog Egg and him laughing so hard because Egg tried his best to catch them. Then his great grandson Bentley was following in his Momma Auburn's footsteps being his sidekick. George was a great husband, father, grand father, great grandfather, father-in-law and friend. You will be deeply missed. We will hold onto all the memories we have of you. Love you always. Your son in-law Shane

“ My deddy taught me soo much growing up. Deddy took time to teach me how to work on vehicles and pretty much anything else that needed fixing, and taught me to be independent and to always lend a hand to help others in need, and to stand up for myself and my family. Deddy taught me that Family was more important than material things. Deddy loved having family get togethers and BBQ's and sitting around with everyone and enjoying having his family together. Deddy was not only my father but he was my best friend and it's soo hard to loose him but, I'm happy that my dad isn't hurting anymore and he is now at peace. I know deddy is still looking after me and I still feel his presence all around me. I'm so thankful that me and deddy got to work on Auburn's truck together one last time before deddy got sick, it was like old times and we had a blast that day and deddy was all smiles watching me fix my daughters truck knowing he taught me to be a mechanic, afterwards he told me how proud he was of me, and those words will always be with me. It's going to be hard without my dad but I have to be strong. I miss you deddy and I love you. Annie
