“ I am so sorry to hear about your loss, you have our condolences. The pain of losing a loved one in death has been the subject of much research in recent times. The Bible, however, contain more than dependable advice. It provides information found nowhere else, which can bring us immeasurable comfort to those who grieve. In the near future those who have fallen asleep in death will be brought back to life here on earth. Describing what condition will then be like, the Bible states that God "will wipe out every tear from [our] eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away." (Revelation 21:3,4)
