“ Betty was my father's niece. Her mother and my father (Shug Crane) were brother and sister. I remember visiting with Aunt Lee and Betty . Betty was always a lot of fun. To her family, I am sorry for your loss and and pray for God to ease your loss.

“ Betty was my mother, Reba Morrison's, first cousin. My mother always loved visiting with Betty and even helped her with her childcare business when Betty needed some extra help. I know the two of them are talking in heaven now and rejoicing together.
