I didn't have the pleasure of knowing this gentleman but I know how much his family loves him. I know he will be truly missed.

“ One of my fondest memories of my Dad was the time that my sister Brenda and I decided to give him the nickname of Poppa Louie! We were both very young- I'm not exactly sure exactly of our ages-but I know that neither one of us were ten yet. We were coloring and we found a picture of an old Billy Goat named Poppa Louie in the coloring books. About the time we found the picture Daddy walked into the room to see what we were doing and we decided right then that the name Poppa Louie suited him. And he loved it! I can still remember his smiles as well as ours! We laughed and laughed! The name stuck! We called him Pop or Poppa Louie for many years! It was his CB Radio handle and even his grandchildren called him Pop or Poppa Louie! It is so sad that we all have to die, but I really wish that my Dad didn't have to. I am grateful for the many years we had we him. He was ALWAYS there for us no matter what. Heaven is getting a wonderful Man!

I have many memories. My daddy was my hero. I thought he was the smartest person in the world. He ALWAYS had answers for my many questions! Lots of my questions were about cars and how stuff works. Guess that's why I love muscle cars and racing today. He taught me so many things. He was always there for me no matter what. He was always proud of all of us and bragged about us. He taught us to be respectful and honest and to work hard. He taught us by example. My daddy always worked and provided for us, we never went with out; especially at Christmas. I have missed my daddy for several years since he moved to Mississippi it broke my heart for him to be so far away; but I could still talk to him on the phone and go visit. I find some peace in that he is no longer in pain and I am relieved he is home. ❤️
