*Bonnie was such a sweet person I always have loved her from high school till now, was always a beautiful person. I can still hear her voice in my mind every time I think of her. She was a special friend and I couldn't go to the funeral home to pay my last respect because of a physical problem I have right now so her last words I heard when we talked will be in my mind forever.*

*I love this person from the day we met in high school. Our last conversation will be etched in my memory of her. The photo of her as a majorette to the senior portrait she would outshine everyone around her. I won't say goodbye but I will see you soon. Love you Bonnie*

“ I have always loved Bonnie, in high school I thought she was the prettiest majorette. I enjoyed making wreaths for her, and would make one extra for her as a thank you gift for ordering a wreath. I wished her a happy birthday and a few days later we talked our last time. I loved her and I will miss her very much. We had talked about us getting together and go out in the boat but never got to. I don't think I can pass by Bucks boats without thinking of her. I loved her since high school, we graduated together and on one of our class reunions she was called on stage with cousin Cliff and I will never forget how that went, tons of laughter.
