“ Ed,
I will always cherish the years that we had together. I am so glad that you had Karyn and Dylan to take good care of you. I know you are up there with the angels flying high! Give a hug and kiss to our baby that we lost! I know he or she was beautiful! Until we meet again...Rest In Peace

“ Hey baby, well it's the day after your services and I'm so lost without you. I don't know how to spend my time, what to say or do. Everyone says time will make it better but it don't feel like that now. I will miss you so much all the rest of my days! Im so glad that you knew how much I loved you and I know you lived me! There's hasn't been a day that you didn't tell me that. Thank you for all the wonderful moments and the memories I have. I'm so glad that you are finally pain free. You have had such a hard time over the last several years and I know you were tired and tired of hurting. I would bring you back unless you could come back while and healed. Watch over us and be our guardian angel! Till eternity baby till eternity. Fly high my sweet angel fly high! I live you so deeply!
