Tribute Wall

“ *Bryan is not just my husband, he is my soul mate, my best friend, the person that knows more about me than I know about my self. We could have a conversation without speaking a word, he always know exactly what to say when I'm sad or angry, gives me pep talks when I'm nervous. We spent the last 20 years building this life together but I would give it all away to have him back. He is truly the kindest soul, loves animals more than anybody I've met, can make anyone laugh, and just loves being with his family and friends. Part of me died when he did, I won't be whole until we are reunited in heaven. Rest well my love.....until we meet again.*

“ Bryon took in my dog when he heard me crying about possibly putting him down. He saved my dog! He helped me without hesitation & didn't ask for anything in return. He was the kindest person I have met in a long time. A tremendous loss indeed.
