“Caden was very special to my family, my church, and our community orchestra program. He traveled with us and he was part of our family. We are a group composed of whites, blacks, and hispanics, and he never cared how different we were. He accepted us the way we were. He was at one time my Spanish student. His teacher took him on a field trip to our local Muslim school where Caden felt right at home as we got together with the students at that school to cook a meal. My daughter Ariel and him liked each other when they were younger. I remember telling Faith that these two may like each other. She said, "I believe it because now he is interested in taking showers before going to school each morning". What a wonderful memory! Faith, Josh, and the family, please consider us family for we do not want to lose the connection we had with Caden. May it continue from your family to ours. That would be something he would have loved.

“ Caden was an amazing friend and an extremely hard worker. I worked with Caden when I worked for a landscaping service. Ill never forget how he used to always pick me up with the biggest smile on his face ready to start the day. He would work harder than many of the people his age and it always amazed me and I looked up to him. One of my favorite memories is when he almost cut my finger off while planting plants at quintard mall. He had great life skills and an even greater personality. You are dearly missed Caden. Prayers go out to your family buddy. Rest easy caden

We feel blessed to have had the opportunity to spend a couple of weeks with sweet Caden during our sibling reunion in 2019. We found him to be kind, funny and very helpful in the many chores needed on the homestead in Montana. He was really interested in all of the equipment, and was quick minded on repair solutions. Such a bright and intelligent young man. He will be truly missed, but always hold a special place in our hearts. We are praying for the family. We love you all. Terry and Dawn

Lathan, I can't thank you enough for this kind message. I know we have never met, but I am Caden's dad. Your love for him came across so passionately in your message and I could feel your pain deeply. Thank you so much for sharing. We love Caden with all of our hearts and after today realize there are so many more out there that shared that love. I saw that same sky today and it made me smile from ear to ear. My heart goes out to you. Thank you so much for loving our son. God bless you!

“ *I remember when Caden attended Golden Springs Elementary. He was such a bright, little blonde doll. He and I talked a lot as he adjusted to his new school. A few years later I would see him at ACC pool. He was always friendly & polite & such a pretty little boy. About 3 weeks ago I was eating at Mello & a very helpful young man was working the table beside me. Something about him was familiar & I spoke to him. I knew that sweet smile immediately. He had a much harder time remembering me, but after I reminded him of our connections we talked a few minutes & he caught me up on his life. I hugged his neck & told him how glad I was to have recognized him. I am so so sorry for the untimely loss of this sweet soul. Prayers for all.*
