“What a perfect picture of Chrissy!! Just like a child, the little stinker behavior emanates from her eyes and from her extraordinary smile!! I am devastated that our sweet, lovable, wonderful, often snarky Chrissy has gone. Although we did not see each other often, when we did get together it was like we had never been apart. For all of her family, my heart goes out to you as I know that you loved her as much I did, though not more. She was a part of my heart. The last time we got together we made a visit to Pigeon Forge, TN, one of our favorite places to go on vacation and one that Chrissy returned to as often as she could. We had such a wonderful time with Chrissy and Bill and those memories will live in my heart until I breathe my last as one of the best weeks of my life. Bill, I am so very sorry that we never made it back to Tennessee a second time with you and your crazy, perfectly lovely little wife. Please accept my sincere condolences for your loss.

“Chris was my older sister. We were so blessed to have each other and enjoyed making fools out of ourselves (and sometimes others that didn't even know they were going to be our next target) - whatever we could and would do to thoroughly enjoy ourselves. NO ONE WAS SAFE!!! I took great pride when I'd hear people say “The two Specht girls together in the same place will definitely be colorful, humorous and sometimes outright un-sacred”. I will miss the fun we always had and especially will miss her. She's in a peaceful place now and is not suffering. Love you always. Kee-Kee

“ Chris loved country music and used to tell me about her occasional trips to Nashville to take in some live music (and no doubt to do some shopping). She always would say we should get together while she was in town, but we never were able to pull it off. That opportunity now sadly will never materialize. The picture that is posted here captures her lively personality perfectly. (Mark Smith)

Chris was such a sweet sweet lady. She didn't have one bad bone in her body. She always had a smile on her face when she came to visit Florida and she always had the best stories to tell. She always knew how to make people laugh and always had the best advice. You will be truly missed. You are now in the hands of God and no longer hurting.

“*Chris was such a ray of sunshine and she always knew how to make you laugh. Whenever she would come to visit Florida I always enjoyed her company. There was something about her presence that truly put my soul at ease. I don't even know how to explain it. Anyone who knew her knows that her family was her greatest treasure. I will miss seeing her during her visits. Praying deeply for the family! Love you, Chris! Rest peacefully! I am a better person for having known you!*”

“*Aunt Chris was my Pappy's sister-in-law. I remember at a family reunion when I was little, aunt Chris lined all the kids up in a row and had a bottle of whipped cream. She went down the row, giving us each a little bit of it. She will be dearly missed and happily remembered*”

*Chris was a classmate. In gym we were lined up in order of height and she was #2 and I was #3. We shared our shortness. She had such a contagious and beautiful smile. Sending love and prayers to the family

Chris was a good friend all through school. I feel very fortunate that I was able to get together with her and Bill for dinner about 8 years ago in Birmingham, AL. The years drifted away as I we enjoyed the company of some high school friends. She will be missed. My thoughts are with all of the family.
