“ I met Connie about 27months ago an fell in luv with her broken soul... Say the least we became as close as close a friends as anyone could... Then I had the pleasure and honor of marriage with her July10,2016... Even tho it was for a short time I'm still appreciative of our time with each other jus wish it'd been longer... R.I.P. beautiful angel you'll never be forgotten Connie Renee!!!

It all breaks my heart as this young lady was influenced by her relatives who were supposed to be examples and supporters of a young woman seeking examples;however, she had only individuals who were poor examples! It is so sad and hurts me deeply as this lady was my flesh and Granddaughter of my only sister. Rest in Peace may your children have God's protection from those relatives who were lacking in providing protection and being good examples to their off spring 🙏🌹

“ The last outing we had together before I moved back to Florida was getting a tattoo together. So every time I look at my ankle I will remember her since we got matching ones. She was such a sweet person and will be truly missed. I'm happy that I got to know you and your children. May you rest in peace now!

Love your great Aunt Julia
