“ I met Michael and Evonne when they were still at the old and BEST ran Anniston Soup bowl shortly after I moved to Anniston. I wanted to volunteer and learn more about helping the less fortunate of our county. If anyone could tell you how, it was Michael and Evonne, and they have truly changed more lives than they will ever know, due to both of their cups overflowing from their love of one another, loving God and loving neighbors. We're going to miss you Sir Speedy!

“ We were 15 years old when we met. Back then, we were at the old Jacksonville High School and we were learning the HUSTLE and SQUARE DANCING in the gym. Lol
I remember him wearing his pretty momma's boy sweater vest! I gave him a tough time about that dandy boy look. Soon, we were on the path to a 42 year long friendship. He was a good dude. He saved my butt MANY, MANY TIMES.
I'm GONNA MISS MY BROTHER.
PEACE
