“ I just found out today about Dana. I worked with him in the 80s in the car business at Sunny King. Then I ran into him later in life at Birger King He was a good friend. Always the same demeanor. He was one of a kind. Thought a lot of him. Prayers for the Family

“ Dana was always making people smile. We had this ongoing prank we would pull on new employees. I would get the new employees to ask Dana why his sister didn't dance anymore, with a very serious face he would look at them and tell a story of how she became paralyzed. After the employee would look very guilty about asking him the question we would both start laughing and tell them it was a joke. We had many more times and things I could share that were quite comical. I along with everyone that knew Dana will surely miss him. (and his Altoids)

“ *Dana was a cousin that I did not see very often, when I did, he was always smiling and working hard. I will miss seeing him. He is from a special family that I will always cherish memories of visiting their home as a child and as an adult. May God Bless his sons and brothers and sister. I love you all!*
