“ *My thoughts and prayers are with you all. I know that this is a tremendous loss for your family. But I also know that you all lived life to the fullest and did everything in your power to give David the BEST life. The love in your family is clear, and David had some incredibly strong women caring for him. I only met him a handful of times, but heard many stories, and it always sounded like he was so happy and had a wonderful sense of humor. Please take solace in knowing he is healthy and whole now. You have my deepest sympathies. I pray that you all find a peace that surpasses all understanding.*
