“ *Debbie was always such a special friend to me. She was one very caring precious woman. She loved her family and friends dearly. She was always watching out for us. She checked on me often and we would have long conversations about life in general. Her advice was ALWAYS the best advice. She always had the most uplifting and powerful encouraging words when you were down and out. I am going to miss her so so much. I hope you run into my Mama in heaven. She went to be with our Lord exactly a month ago today. You two were so much alike. I love you Debbie.*

“ *She always told me that they moved back from Texas to be closer to me. We laughed together, we played together, we cried together and we were family. I will always cherish the memories we made together. Love you always!*

“ *I am so sorry for y'all's loss. My finest memory is not an actual memory but feelings. When we kids she made my siblings and I feel loved and welcome anytime we were around y'all. I never have thought of her through the years without smiling. I love you all.*
