“ *My heart is so heavy moma! I will miss you and your Debi-isms. I will miss talking to you freely about anything. I understand you loving me unconditionally. I know you had a hard time battling cancer but through it all you did it with a smile on your face and a winning attitude. I have tried to imagine the way it will be in the future without you now but i cant because i feel like you are still right here with me. My mother - my best friend - my end all trust all- i will love you forever. I will miss you hugging me, kissing me, touching me and your smile and those eyes! Steve and you have had such an impact on me as far as relationships. You have always loved us girls unconditionally and i thank you. As you said, "i have raised you girls with integrity and dignity and have given you all wings to fly." Just as you have given us wings to fly - mother, you have definately earned your own wings. God be with you moma and know that i love you infinately - dito!*
