Duska was a great friend who my husband and I have kept in touch with since we moved. We met Duska at Social Security. Every Christmas we would exchange cards and she would write us a letter back and we would send her one back too. These days it's not too often someone sends you an handwritten letter. She always loved seeing updated pictures of our son. She will be missed greatly and we have cherished our friendship with her. We will be praying for her family and friends during this difficult time.

Duska was my TA in the call center with SSA. She was such a loving and caring person, and had a wealth of knowledge. She loved family especially those nieces and nephews. May God bless and keep you in my prayer.

Duska... you gave my dad the best years of his life. You were his everything. Absolute everything.

To me, you were the closest thing to a mother that I've EVER had. I called you on Mother's Day every year since the early 2000s... with that, my kids Jocee and Trey only knew you as their grandmother DD.

Dad will take care of Poppy and Tula. They continue to look for you.

We all love you with everything we are DD.

Life won't ever be the same.

But now, you don't have to worry about the pain or the surgeries. Now you and Margaret are traveling again... but you aren't confined to this realm. You are now both traveling the furthest reaches of our known universe and beyond. I cannot imagine the sights you two have already seen.

We love you DD... and we always will.
