“ Sue has been a good friend for a long time. The last time I saw her she asked me to take her hand (we were at Dorseys) and she whispered to me and John that she had lung cancer and to please pray for her, we've been asking about her every time we went into the store, we've prayed for her and done our best to find out how she was doing but no one seemed to know. Some lady finally told John a few weeks back she wasn't coming back to work. We knew then she wasn't doing good because Sue loved working at the old Dorseys because she knew everyone and they knew her. We loved her and she knew it. Our prayers and deepest condolences to the family and her many friends. Gonna miss you Sue 🕊️💔🕊️

“ I have known Sue for a long time. I went to school with her and shopped at Dorsey's after I retired from there. She was a good cashier and a good friend. She has always been one to speak her mind. I didn't know she wasn't doing well.

So very sorry to be reading Sue's obituary! I went to high school with Sue and would see her at Dorsey's at least twice a month! I asked several times about her not being there but no one ever mentioned that there was anything wrong with her! Maybe they didn't know. I have missed seeing her! So very sorry for the loss of your Mother 😭

Sue & family have been our next door neighbors for about 48 years. Big Daddy & Sue were always watching after my parents, and I truly appreciate that. She & I have bonded over the last 10+ years. We have laughed, cried & commiserated together many times! She sent food up to my Dad's house more times than I can count during his last few years. (She fed me well.) FLY HIGH, my Angel friend/sister. I'll always remember the "ducks" at the hospital. IYKYK. I love you, Sue. And I miss you already so much.
