“ There is so much to be said about Jean Ann. I loved her to the moon and back. She ALWAYS had her hair tied up in a high pony with a bandana wrapped around her head. I thought it was a fashion statement and she wore it like no one else ever could. It turned out it was to keep her headaches under control but it was still pretty cool in my book. We used to have long talks that I will always cherish and she would always answer my many many questions. One of my favorite answers was to my question about why her brother was so tall and she was so short. She told me that they were horsing around one day and she hit him in the face with a mop. He retaliated by hitting her on top of the head with the broom and she never grew anymore after that. Then she just laughed and laughed. I loved her laugh. It was so infectious. I will also NEVER forget how much she hated cats and how they my seemed to know that and would terrorize her by never missing an opportunity to jump in her lap or rub up against her legs. She will truly be missed. I love you Jean Anne Nelson!

Jean Ann could also play the fire out of the organ and the piano, but unfortunately, that was something most people didn't get to experience. She had her mother's gift.

Good bye dear friend. Thank you for so many good memories. You and Jimmy and me and Tommy were an awesome foursome for many years and I have such good memories of those days. Fortunately, I did get to experience your music talent and also your singing talent. We shared a lot of good times and secrets and had to part and unfortunately we were no longer a foursome. You were a wonderful friend and I loved you very much. Rest In Peace dear friend you have earned your wings. Mary Ruth Finley (Houston) Jensen

We are just now finding this out. So very sad. Mama and her were so very close. She used to bring her food and stuff to drink all the time. I told mama today as she did not know and is 88 and not in good health herself. So sorry to read of this and her laugh would make anyone laugh too! She was a good soul and her and mama were soul sisters. Rest in Peace Sweet Jean Ann Nelson! You are suffering no more!

I loved you all through the years, Jean ann. You did have a wonderful laugh. I had not seen you for many years, but I will always remember our all- girl trip to Florida when I was 16, and you @ 27. That was before you had one of the children. Janet and her sister went. ALWAYS, Dear Cousin! Brenda
