“*Joanne was such a sweet, smart student of mine at WHS. Years later my niece had her as an instructor at Talladega. Karen loved her and I saw, first hand, the wonderful impact she was having on her charges. Steve Lilly said, “Teaching is the only profession where you can run into someone who is 45 and they will call you by your name and tell you something you did many years ago that changed their life.” Joanne was such a person. My sincerest condolences to her family, friends and former students.*
