“ Uncle John is my Great Uncle.. I remember when I was 13 Aunt Jackie said it was time to marry me off because I was a woman and uncle John laughed so hard, he got the hiccups. No matter how long it had been since he last saw you, he always invited you over to his house. He was always such a kind and gentle soul, God has truly gained a beautiful angel.

“ Most of the family don't know this but I meet John Mahaffey when I was a child long before I ever married into the family. Uncle John loved to build RC planes and fly them in a field just past Bynum in Eastaboga. I could hear them flying from my yard ✈️ Anytime I heard the planes I'd beg my Daddy to take me to the field to watch. Uncle John would show out for the kids that would come watch making the airplanes do loop de loops and flips. I loved watching him with his planes so much.

“ Although I am no longer in the family John Mahaffey is still Uncle John to me. He was always a kind soul to everyone. My fondest memory of Uncle John is when my son Johnathan wanted to see how Unle John made airplanes out of cans, Uncle John lovingly took Johnathan under his wing and showed him how to make the planes (although he never made one it's still a good memory). Prayers and Love to the Mahaffey's I Love You All
