“ *Jenna, I truly saddened to hear of John's passing and am grateful to you both for showing dignity, strength and humor in dealing with his diagnosis.*

A few years ago, my wife and I sat with you and John at a reception. John spoke matter of factly about his treatment and infused humor in his discussion. That helped my wife and I talk with you two. It served me well when I received a cancer diagnosis last year. Infusing humor in my talks with family and friends put them at ease. Thank you both for that example. God bless. “ *I'm deeply saddened to hear of John's passing.*

John was such a light that brightened every day I worked or hung out with him. Such a joy to be in his company. I believe everyone that knew him desired for some of his character to be in ourselves, that we could make others feel as he did us. I'm so happy I knew him and could call him my friend. With deepest sympathies, Robbie Cook

“ As with many, I had the distinct honor and privilege of serving along side and deploying with John. He was a competent professional, remarkable trainer and leader, extraordinary warrior and true friend. His smile was contagious. Thank you Jenna and family for selflessly sharing him with the Army and in support of the defense of a grateful Nation. My thoughts and prayers are with each of you. Very respectfully, Mark McQueen, Major General (Retired), U.S. Army
