“ I was so blessed to have known this wonderful Lady. I want to share a funny memory, wish I could find the picture to go with the memory. Judy was at her sisters Kathy's and my daughter who also love Judy came up to Cathy's she had a snake and Judy was petrified . After a few moments Judy decided she wanted to hold a snake , She finally got up the nerve to hold a snake, she was so proud of herself and happy that she made the decision because The snake like Judy because the snake just sat on Judy's hand and was perfectly content. Just wanted to share this moment with the family at this time. Sympathy and prayers go to all and each one of her family members today. Sincerely Mary Wesson.
