“ We had the best time as children. We practically lived together in the summer. She was more like my sister than a cousin. I wish we could have lived closer to each other as adults but life happens and you do the best you can. I love you my dear cousin. Rest in peace.

“ We were first drawn together because we both share the first name, Elizabeth. We soon found out we had so much more in common. I will always remember how deeply you loved, all of our talks, saved letters, all of the wonderful stories you told me, some, I will pass on. I love you dear Elizabeth. You will be missed forever, best friend and sister.

“ Liz, my dear sister, how sad I am to know that you no longer just be a phone call away. I will miss you so much. I love you and will be forever thankful that the universe brought us together and into each other's life. You are such a beautiful soul and were always there when I needed someone to talk to and lean on. I love you so much and will miss you terribly.
