“ Today we lay your body to rest. Although you will physically no longer be with us, I will forever hold the memories that I got to share with you. You lit up any room you walked in with a smile always on your face and a laugh that nobody could forget. You will be missed dearly. Our family will do our best to take care of Larry. Rest easy sweet friend.

“ *What I remember most was your smile. Every time I would come over I would always find a way to brighten your day and because of that it would brighten mine. Now your days will forever be bright and as long as I keep you in my heart mine will be too. You were family to me and always will be and as such I will always be family to you and yours and be there for everyone just as you were in life and forever will be in death. I love you.*

“ *You were too young to go. So cheerful and kind. Never got to see your grand children grow up. Gone too soon. You will be missed and not forgotten. At least you're out of pain.*
