“ *The Memories you have given me will be cherished forever. The holidays were always special with you and George, being a part of your family enjoying the food you prepared, listening to you tell about your family history. All the laughs and tears the family has had. You will always be in my heart. Kathleen you were more like a mother than a mother in law to me. I'm proud of your daughter and my wife (Angie) and our daughter (Auburn) your granddaughter that took so much care of you and George. And your Great grandson Bentley was right by our sides helping to care for you both. I am proud to be your son in law. Love you always*

“ I am so sorry for your loss. I knew Kathleen from the Friendship Community Center. She and George would come and listen the the Bluegrass pickers and visit with everyone. I didn't know she was sick because I haven't been able to go to the center lately. She will be missed.

I'm her granddaughter, she was diagnosed with cancer in May but she hid it because pawpaw was sick and he didn't have long, she focused all her time on pawpaw.
