She was truly loved by all that knew her

Tribute Wall

“ Cathy was such a sweet lady. I spoke to her a lot when she would come in Oxford Lumber. She made me a beautiful necklace made with more beads than I can count, to wear to an Elton John concert. It was perfect. I will always treasure it. I would visit her in her shop in Anniston where she had some beautiful furniture pieces. She would show me the before pics and then the after piece sitting in front of us that was almost unrecognizable. Beautiful work. She was a very talented lady. Rest in Peace sweet lady. Cathy will be missed by many. Thoughts and prayers going up for Rich, children, grands, all family and friends.
