“ I am so lucky to have known Kelly for as long as I did. I met her in my English class at Gadsden State Community College. Upon completing my class, she and I became fast friends; we were as close as sisters. I will treasure my memories of her as well as those of her precious family. To her family: Steven and I are so shocked and perplexed at her passing. We offer our great condolences at this time. If there is anything we can do to help, please do not hesitate to contact us. We love you all so much and are so very sorry about your loss.
