“ Me and Kenneth were friends in high school. He was the manager of our rock and roll band and got us our first gig at Peggy’s Lounge - I was 14 and we made \$15 to split among 8 people, including the manager and light crew! We all pushed his old Pontiac out of the driveway to keep from waking his dad, and went cruising around Petal. Everything that happened after that is known only to those who were there! Kenneth was one of a kind - a great friend.

“ I’ll always remember and never forget you calling me Fer-Fer, only because pawpaw called me that, ever since Jasen was little and couldn’t say my name right. Will always cherish the memories we all had together.  
I love and miss you.
