“ Ken Rollins was a Great American, good friend, proud veterans and selfless servant. It has my honor to know as well as work and socialize with Ken for the past 19 years. Together, we conducted state veterans business, advocated for their causes, collaborated on improving veterans homes for the State of Alabama and socialized in a tight circle of friends. Ken was happiest when he could help another veteran, when he talked about veterans homes and fondly discussed apple of his eye, his daughter Leah. On various occasions we joked that we were brothers form other mothers but sincerely meant it. Ken well be greatly missed but his legacy will endure.

“ Ken was one of a kind! He was Chief of the Environmental Branch at AAD and an extraordinary responder to any type of environmental issue. But most of all, he was a proud Vietnam Veteran that was always available to help a fellow veteran. He never let anything stand in the way to make sure that a veteran got what he was due. He will be missed by all that knew him. Now he is dancing the night away in Heaven with all the singers he knew. God's blessings on his family.

I was honored to serve on the State Biard with Ken for seventeen years and know him for more than twenty-three years. I never met anyone more devoted to his fellow veterans and issues pertaining to them. Rest well my brother till we see each other again.
