“ Heartfelt condolences to your family on the loss of such a wonderful man. I loved visiting with him at conferences, and always made a point of doing so. We shared a love of gardening, and talked about our tomatoes.

“ I have so many memories of Luke but one of my favorite is when he is on the little John Deere tractor he had. On two occasions, I saw him riding up my street on that John Deere, sitting there smiling like a possum. He was such an adorable man. I loved him dearly. And Judy as well. They are both missed tremendously.

“ Covid has felled one of the greatest men I've ever known. Luke Whittle worked hard to help young people have a chance to grow in testimony of the Lord, and what the gospel is about. He gave opportunities to young people to travel, to serve, gain testimonies and develop close friendships and bonds. At one point during the month of August I was able to share a meal with Luke Whittle and I asked him if he knew how very much I loved him. To this he squeezed me and said "I have ALWAYS known how much you love me!" I am so grateful I was able to share that exchange, for I never dreamt it would be our last meal to share with him. He was a man among men. Taller than he could be measured. Stronger than he could lift. His testimony of the Lord has been a light to all who ever knew him.....Lisa Morton Mills
