“ *My mom was my mom..... I remember so much about her but I can't just pick one memory to express how much I love her . She did the best at living life and loving everyone. I remember the great times and the difficult times but who in this world has not be there. That is what moms are suppose to do. She made me cry, made me laugh, but the best thing she taught me is that no matter what love is unconditional. Mom we love you; always will forever in our hearts. Love Michelle, Carla and our kids.*
