

Mr. Matthew 'Matt' Wayne Wilson

September 6, 2025

Matthew "Matt" Wayne Wilson, 57, of Anniston, Alabama passed away Saturday, September 6, 2025.

Matt was survived by his wife, Angie Wilson, daughter, Haleigh Jo Shafer (Logan), son Keith Wilson (Kylee), and daughter Allie Dru Wilson. He is also survived by the light of his life, his grand babies: Kollins, Kamille, Krew, and his brand new grand baby, Leighla Jo. He is survived by his mom, Laura Smith, father in law, Harold Griffin, sister Sherry Griffin (Neal), sister Jennifer Ferrell (Tom), and his nieces and nephews: Hunter (Maci), Luke (Mary Alice), Abby Kate (Riley), and Lillian, and great nieces Annie and Elouise.

Matt was full of life, humor, and intelligence. Most know Matt as a loyal, compassionate, and humorous pharmacist. He graduated from Walker County High School. Later, he graduated from Samford University School of Pharmacy (McWhorter). While most see Matt at the local Quick Meds, his family sees him in the garage working on his many projects, sitting in his self built shed gazing at his tool collection, fishing with his son, working on old cars with his father in law, finding treasures at the local trade days with his wife, watching Alabama football, sitting outside drinking his evening cup of coffee, or bringing his grand babies peaches, apples, and anything else they like. He fixed everything. He was known for making old things new again. If you know Matt, you know he wanted everyone around him to live in need of nothing. He

brought life everywhere he went. You wouldn't leave Matt's presence without a good laugh. He had a special bond with each of his family members, paying close attention to the things they loved. Matt was filled with humility. You would never know how successful he truly was because he wanted others around him to feel lifted up. Matt loved the simple things in life.

Matthew was an organ donor, and his legacy of selfless giving will be carried on.

A private celebration of life for Matt will be at a later date.

“ I met Matt at Martin’s Pharmacy. When I first started working there with Matt I thought he was a tough to work for, but as I got to know Matt and worked more around him, I knew he was big ole teddy bear. He always talked about Alabama Football , old vintage cars and that he only bought things made in the USA. After I left the Pharmacy , every time I seen him out we would talk and always told me about his kids. I knew he loved his family. Matt is gonna be missed. RIP Matt.

“ Matt was a great neighbor to us for many years! I’ll never forget when he introduced my sister and I to peach Nehi soda and we were instantly addicted! When we would go to play with Allie he always had snacks and drinks for us, and for my birthday one year he found and fixed up an old school typewriter I had been babbling about for ages. As if that wasnt a gift enough, he brought me ink rolls and old yellow paper to type to my hearts content. He was always kind to us, and i will never forget it. Grateful for him and the love he and his family showed us!

“ Matt and I met at work. We instantly bonded over our love of old cars. I spent many evenings in his garage while he showed me his latest project. I've been gone from the pharmacy for years, but everytime I came in to pick up a prescription, we would catch up and share some laughs. He was always sharing photos of his kids and grandkids. It was clear how much he loved them. They are in my prayers during this difficult time.
I thought the world of Matt. He was such a special person. I'm going to miss seeing that smile of his, hear his infectious laugh , and listen to his latest stories. The world is darker without him in it.

“ Matt was a dear friend of mine , I was going to go by and see him the day he died, wish I had. He was a neighbor of mine before he moved and we restored a couple of Mustangs and a Bronco together. Traded one of the Mustang's for the Bronco with him my 68 was his favorite year and I wanted the Bronco. Love you Matt going to miss you much William

“ When Matt worked with me at Rite Aid there was not a dull moment. He was always good for a laugh and a point of view like no other. I have not seen him in a while and I hate that. My heart goes out to his children, he loved them dearly. May God give you all the grace to remember all the good memories together to hold you until you meet again. Bless all of you. Gone way to soon.

Matt was great friend, when my late wife got sick with cancer, he gave our first dog named Nikki, he was always encouraging me and when I my van broke down, he would let me use his honda oddessy to make my deliveries he eventually sold me the van for peanuts he had promised if anyone was to get the van it was going to be me, I used to cook baby back ribs for holidays and I shared with his family and they loved it, he was really a true friend. I can go on for a long time with countless good things he did, wishing the family peace and consolation, love Daniel
