“ *I was thinking about my tomatoes today and for a fleeting moment I was hoping mine would come in before Myron's. No. He managed to beat me every year of his life. I shall miss his cool demeanor and unannounced visits.*

*He will be missed very much around our home (his home).
He helped inside , my yard always looked amazing, his garden too.
He was always, loving and caring for my granddaughters, and they loved him.
He loved AJ and Gizmo , all cats even though they got on his nervous,
. Very patient man! This household will never be the same, I saying this with tears falling. We love you Rip! My good friend*
