“ I will always think of you Neal when I hear Toby Keith sing "I Love This Bar". We enjoyed having you in Texas for the last few years. We all were so excited to come to the grand opening and support you when you got your DJ job at Chuter's last year. Now you can fly those Angel wings and look over all of us until we see you again. I hope you are doing some serious DJ'ing for all our other Angels that went before you. I know they are loving your voice.

“ Neal was my nephew. He was always keeping everybody laughing. If he was your friend, you had one or life. He was always there for you to help out any way he could. We shared a lot of fun times together. There was never a dull moment when he was around. We lost track of each other a few years, ten our path crossed again. I always enjoyed him telling me about his life when he moved out West. He was a very caring person and loved his family very much. He will truly be missed. R.I.P. Neal, untill we meet again. Love you very much.

“ I met Neal in the mid 1980's when he came to Houston with his friend Jesse Highsmith to work at Ken Stabler's Diamond Back Saloon. Neal was the best as a DJ but he was so much more than that. He and Melinda used to come to my home in Galveston and spend time with my wife Lisa and I. We would do a lot of fishing, motorcycle riding, grilling and play a lot of golf. We all made several trips to the Hill Country together. He was a true friend from the 80's until now. He was always there for you and your family. I know he is in a far better place now. My condolences to his family.
