“ We wanted her family to know how much she meant to us. We met Patricia about 3 years ago at our bridge club. She was so smart and really wanted to help other people learn the game. She quickly became a very good player. When she became a Bridge Director, people quickly realized how good she was at it. She was fair and non-judgmental to everyone. We feel that she was one of our most respected members of our club. She will be missed more than we can express. I loved being her friend and will miss her advice and kindness.

I was always so proud of Patricia. She started playing bridge at our club only three years ago, and was a director by her second year - not an easy feat for any player - much less a newer one that has to settle disputes between people who have been playing for decades. . She quickly made friends, and was a dear friend to many. I wish we knew about her service before the night before - She had a bridge family and we will never forget her. RIP Patricia

“ I am so very sorry for your loss. Patricia and I have been playing bridge online for a few years and I finally got to meet her in person a few months ago when I visited Memphis (I live in Boston). She was a great bridge player and taught me a lot and a lovely person. I will miss her dearly. Peggy Meehan
