“ *I'm sorry that I never took the time to tell you what you meant to me. But there were times you were my light when I was in a dark place. Even if it was just long enough to gather my feelings and thoughts so I could face or deal with what crises I was going thru at the time your arms and door was always open and waiting ever since you became my aunt and even after I was grown and had my own family there was a time at no notice what so ever you took us in and would keep everyone away till I was ready. You were the best aunt, friend, even at times a parent. You were what ever I needed at the time. You will never be forgotten and will always loved by me. Your niece*
