“ I had the privilege of taking care of Ms. Hopson while she was a patient. She was so sweet and friendly and spoke fondly about her kids and grandkids. While in her room, she offered me part of her meal and when I refused, she demanded that I at least have a cookie. I remember her watching Jumanji on TV and us both both laughing and joking about one of the characters. Even though she was not feeling well, she continued to smile and be polite. I'm glad that God gave me the opportunity to meet and take care of her. I pray that her family and friends find peace and comfort during this difficult time.
