“Daddy, not a single day goes by that I don't think of you and miss you. From my very first memory, you were and always will be my hero, my best friend, my favorite person. Not only my Daddy, but my Best friend and twin soul  
Your faith and trust in God shaped my unbreakable faith and trust in the lord. You taught us the importance of family and being a good person. I never had to ask you twice for anything, you always showed up for us. It's going on 4 years and I miss you fiercely, as you were person most Like me. I love you more than words could ever express. When its time for me to go home, I hope you'll be the one waiting to show me the way. I love you and Britt so very very much and I'll see yall when God calls me home. I love you Daddy.

“ My fondest memory of Bobby was about a week or so before Christmas one year he brought in two rings and asked me which one I thought she would like the most. Whenever I told him she would love either one he said well then I will get her both! She deserves it. He expressed his love for Suzy so openly. He was constantly bringing her something to brighten her day! The last time I saw him was a few weeks ago...smiling from ear to ear with her lunch in hand!

“ Growing up in the 60's and early 70's when we lived in Eastaboga, me and Bob used to draw maps of the trails we explored and name the sites we found. We was always treasure hunting. Looking for arrowheads, anything old. Once we found a burned out wagon that was probably 100 plus years old and it had dozens of old whiskey bottles scattered around it. I love and miss you cuz. We went our separate ways when we got grown, but all thru the years we stayed in touch and talked. Now you have went on to Heaven to be with your baby girl and our Lord Jesus Christ. I hope to join you on that trail one day. Your cousin Steve
