“ *It was such a pleasure to meet this precious man. He told us if he lived 3 more months he would be 90 years old, but he didn't think it was going to happen. Then quoted a scripture & said he could only live one day at a time. He asked everyone who entered his room if they were a Christian. He professed his faith and witnessed for Jesus Christ until his last days. I enjoyed talking with him & was amazed at how the scriptures flowed from him in general conversation. He was certainly a remarkable person. It must be a comfort to his family to know he was such a Godly man & he is at peace.*
