“ *The memories I have with this lady are ones I'll never forget. I always called her my mom because that's the way I felt about her. I loved her dearly and I know she loved me. She was always there for me. She taught me how to cook. As well as how you should clean a house. Because you always knew Rosemary's house was gonna be clean and there was going to be something cooking. She loved my kids like her own. And they loved her as well. I spent many of days and nights at the Cofield house and loved every minute of it. I will truly miss her everyday. Rest in peace Rosemary. I love you. I will be praying for the whole family.* ”

“*Rosemary was the best friend anyone could have. When we were raising our children across the street from each other her home is where they all wanted to be. She baked cookies with them as well as other goodies! She was always there for me and my children no matter the situation. We shared many years with lots of laughter and confidences given. I've known her since grade school, a lot of years! My heart is hurting for her family right now. I will miss her always!!*
