Sandy was a loving and caring mother, daughter, grandmother, sister and aunt. She loved her family and friends very much. She was a huge believer in hard work. All of her co-workers know that it was not the same for her when she was unable to go to work everyday.

She was diagnosed with stage 4 cancer in July of 2012 and fought it everyday for her loved one to have more time with her. She has touched many people through this journey and many people had a great impact on her.

She will live in our hearts forever.

“ *Sandy you will me missed by many but I will always remember the fun we had as children playing down at the bridge and getting wet and muddy then going home to get into trouble for being down the road without permission. We knew that it was easier to take the punishment than to ask for permission because the answer was always no stay away from the bridge and do not play in the water you will get sick. We enjoyed being kids and I will always treasure those memories we made together in Tifton Georgia. I sure will miss your smiling face daily on your facebook page. I love you very much and will keep you in my heart until one day we meet again in Heaven to see what trouble we can get into there together. I have a smile on my face today looking forward to that day. See you again with our wings on. Love Vickie Dean Suggs*
