“ Too many memories going through my head to share. I have 19yrs worth of memories. Your kindness towards everyone you met, the love you had and shared with your family, how close we were the bond we shared between us your kids and my boys and the sisterhood we shared, many nights laughing and goofing off together, all the late nights at the track and I will never forget our vacation in Gulf Shores when our kids were barely right over school age when you asked me to jump in the deep side at the pool of the condo we stayed at and I told you I couldn't swim in the deep side cause I was so short and couldn't touch and would panic, you took me by the hand and said I trust you now you have to trust me let's jump together so we did and you taught me to swim sis. Thank you for all the memories Sara. I love you sis.

I have just found out about Sarah. I am so sorry for your loss. I had her in my PE classes when she was little and she loved it. Her eyes would light up when she came in the gym. I will never forget her. You are all in my thoughts and prayers. May her memory and bright smile be a blessing to you each and every day.
