“ *Mr. (Uncle) Tommy was an absolutely amazing individual. There are not any words that can carry the magnitude of the impact of his life and legacy on me and my family. My parents own a construction company and since it's exist it had established a relationship with Mr. Tommy. Through those years, his family became ours and vice versa. A man of character and unquestionable integrity, Mr. Tommy treated me and my family with the high level of respect, quality services, friendship that has remained even outside of the construction company. Hardworking, dedicated and teaching his presence, even as a child, he impacted me most importantly regardless of the color our skin, he loved my family even outside of the work. Because of his treatment, presence and legacy it left a permanent mark on my DNA that is expressed in my work as I serve my great country in the military.*

Mr. Tommy thank you for your sacrifice and love to my parents and the company. Your memory and legacy lives on through each of us.

“ We have known Tommy for many years and from our very first meeting he proved to be a man of genuine integrity and honesty. As we worked together in building homes, Tommy not only became an employee for us but he became a true friend and his friendship has lasted throughout many projects that we worked on together even to this day. Our hearts are truly broken knowing that we have lost him. It's as if we have lost a beloved family member and we have. We love Tommy and he will forever be missed in our hearts and our lives. Tommy is gone but he will never be forgotten!! His smile and the joy he brought in our lives even when working is a memory that we will cherish forever.
Please accept our deepest condolences for our loss and love to all of you his family and friends.

Tommy was one of the smartest men ever, he could do anything, I think he was working since the day he was born. One of those relatives you never expect to lose, he had my love and respect. I especially loved exchanging zingers with him, it was what we did.

“ There are so many memories of Tommy to share... so much fun, so many things he fixed, so much time we spent together. Every time it snowed, Tommy and Deb would come get me to “slide” in it. I will remember all of the hours we spent together, especially cutting letters out of magazines, or just sitting around the table talking. The times spent at the pool, grilling out, being at Carol and Roger’s, and the Yuck farm. Mostly, I will remember his laugh. Tommy always had such a deep, joyful laugh. I hope I never forget that sound. He was a wonderful man and he will be missed by many.
