“ Your family is in my thought and prayers. I was fortunate enough to work with Tim for 15 years at Tapecraft. During my time there Tim was like a father figure to me. Getting onto me for stupid stuff I did, showing compassion during difficult times in my life, excited for me during life changing events, and always praising me for a job well done. At anytime when I had to go to his office he would ask me to sit down and would always ask me about my family. Not only did he ask about them but he really listened because he would remember their names and events that occurred in their lives. I truly believe Tim loved his Tapecraft as if they were blood. He will be greatly missed by many people.
