“ When Skeet was expecting Ken, she walked from their home to the little store in Chocolocco for exercise. When we visited them, my mother and I walked with her. We would buy candy bars of that time, long, skinny coconut bars called Long Boy Krauts. After Ken was born, mother called him Ken Boy Kraut. Later, that was shortened to Ken Boy. A name which stuck with him for years.

“ Thank God for the hope we have in the Resurrection and for God's Promise of Life Everlasting. Ken was a good man. It was always a pleasure doing business with him at the Glass Shop.

Many great times with Ken. We always looked forward to the snacks he brought to ACC. He would place them around the #12 tee box. Around the greens we still say "what would Ken do?" One of the funniest times was when we went fishing at White Plains. He pulled out a "toy" lure that was a little whale with hooks on it. He caught more fish than us with that thing! I could go on.....
