“ When I think of my oldest sister, I think of her beautiful black hair and how beautiful she was. For us that loved Yvonne, remember the times you have loved, the times you cried, the times you fought and the times you have laughed. For if you always think of Yvonne, she will never be gone.

“ We have been next door neighbors with Yvonne and Ron for over 7 years . Every time we have had contact with Yvonne , she always had a smile on her face and a friendly voice . The one memory we will always have of Yvonne and Ron is the happy faces they had when driving down the road in their beloved Mustang on the way to a car show to who knows where . We believe she was the happiest in that bright yellow Boss Shenoda Convertible and sitting next to Ron !
